

BCAMT

British Columbia Association
of Mathematics Teachers

GRANT APPLICATION 2018-2019

The BCAMT offers grants to fund initiatives throughout BC that support quality mathematics education. To be eligible, proposals must meet the Goals and Objectives of the BCAMT:

1. Professional Development: to promote excellence in mathematics education throughout the province by promoting professional development in all aspects of mathematics education.
2. Curriculum: to promote the development and implementation of sound curriculum and the selection of appropriate resources.
3. Communication/Public Relations: Promote excellence in mathematics education throughout the province by promoting good communication with members, other educators, Ministry of Education, parents, students and the community.
4. Membership: Promote excellence in mathematics education throughout the province and be applicable to many teachers throughout British Columbia.

The BCAMT values the sharing of ideas and requests that successful applicants submit a short report of their initiatives with its highlights for publication in a future edition of Vector or in our newsletter.

All mailed applications must be postmarked no later than **November 30, 2018**. Applicants will be informed about funding after approval by the BCAMT Executive. Successful applicants may wish to re-apply for funding each year but are not guaranteed continued support.

This grant is not meant for individual professional development.
